

Gemini Reposable Laparoscopic Clip Appliers

Two Clip Sizes for
10mm Ports

Gemini
Medium/Large

Gemini Large

Gemini reposable clip appliers provide clip security while incorporating safety features, such as a last clip lock-out mechanism and an innovative pressure seal. Both the Gemini Large and Gemini Medium/Large feature an extra long shaft that fit through a 10mm port. The high-quality reusable handles employ disposable clip cartridges which contain implant grade titanium clips.
